Me and Mike.

We were so crowded this week that we had to omit ads from John Pressgrove and Clayton Carpenter, each making last minute appeals to the voters. We also had to omit a Murphree ad.

We tried to take care of everything that came in by Tuesday night, but after that, we had to refuse to accept ads.

A "score" board, giving latest returns of the election, will be under the management of Mr. Harry Greenfield in the public square Tuesday night. Come out and get the hot or good news.

Just received a letter from a lady who wished her name withheld, but signed the letter. She urges all women to go with their menfolk to the polls and vote for good, honest, dependable men and women for public office, which is sound advice. Certainly women are just as interested in good government as men are.

The greatest mistake that the American people could make would be to assume the war is about over. It is still in the stage so aptly described by Churchill as the "end of the beginning".

Congratulations to our Baptist brethren upon paying off the debt of their handsome new church. They paid off about 13 years before the last note (or bond) was due. They are inviting their friends to come, rejoice with them Sunday.

Aint they sweet.

Mike Conner placed Mississippi on a sound business basis. This permitted his successor, Hugh White, to give homestead exemption. Mike took this cunning, while his successor gathered the grapes.

In the event that Dinnert Murphy is in the run-off, which I sincerely hope, I will have a brief made from the Southern Reporter outlining the high spots in that trouble which originated when Dinnert permitted a negro Pullman porter to occupy for several nights the same compartment that a white lady occupied. I will publish this brief, and the people can see how sincere Dinnert is in his mouthing about white supremacy.

Mike Conner is, like most of us folks up here, neither a "nigger hater" nor a "nigger lover". He has them on his farm; he deals with them justly and he settles fairly with them; they respect his rights and he respects theirs. I do not believe that Mike would stand for a negro porter staying in the same Pullman compartment with a white lady.

So far this week Grenada has not had even one fire, but some day it will have TWO fires at the SAME time. Then what'll it be?

Elsewhere is published a list of salaries paid by the City of Grenada. Look the list over and sigh a deep sigh.

With the housing shortage in Grenada, it would be far better to use the so-called cold storage plant as a rooming house than a warehouse for seed, feed and fertilizer sold in competition with regular merchants.

If Mike Conner had not established a fine financial system for the state, no old age assistance could be possible. It was he who did the hard work of building the structure, while his successors built upon that solid foundation. Let's make it SIXTEEN years of good government. Why lapse back to the denagogues.

Some mighty wise men still persist in predicting that Mike will win in the first. On the eve of the election, I predict that Mike will lead Murphree by about 25,000 votes; Murphree will lead Bailey about 10,000; and Franklin will tag along far behind Bailey. That's sticking my neck out. In the second, 75 or 80 percent of the Bailey votes will go to Conner, and at least half of the Franklin votes will go to Mike. While predicting and sticking out my neck, I predict that Fielding Wright will lead Spearman for Lt. Gov. in the first and win in the second; that Ladner will beat the veteran Wilker Wood; and that a total of 215,000 votes will be cast in the state, and about 1800 in Grenada county.

Sgt. J. L. Houston paid a flying visit home from the maneuvers.

Mr. R. H. Boteler and two lovely daughters, Misses Aneta and Elizabeth of Laurel, and Cadet J. W. Fagan of Memphis visited in the home of Mr. and Mrs. E. L. Boteler Sunday.

NUMBER ONE

Me And Mike Leave It To You

After a brief seven-weeks campaign, shortened on purpose so as not to detract too much from Mississippi's war effort, Mike Conner stands ready to accept the judgment of Mississippi's voters next Tuesday.

He has laid at the feet of the people his program for the four uncertain years ahead. He has called attention to the accomplishments of his previous administration. He has asked for the privilege of picking up where he left off.

Mike Conner has engaged in no mud-slinging. He has answered charges of the opposition, but has answered them with logic and fact and not with wild hysteria.

He has given the people of Mississippi his frank, honest opinions about present conditions and those likely to develop in the future.

He has pledged: 1. To fight for states' rights and white supremacy. 2. To use the powers of the governor's office in the enforcement of laws and equal administration of justice. 3. To recommend enlargement of personnel and facilities for the prevention, treatment and control of diseases, and safeguarding of public health. 4. To recommend adequate provision for the proper instruction of our children and young people, and for the elimination of adult illiteracy. 5. To promote the development of our institutions of higher learning, to place more emphasis on practical and technical training to equip our students for the business of earning a living. 6. To fight for greater appropriations for the aged, incapacitated, and helpless, including dependent children, the blind, and the crippled.

7. To recommend more and better hospital facilities for citizens who are sick—free for those unable to pay. 8. To labor and cooperate in every way in receiving back into our midst the soldiers from the front, to help them become adjusted to civilian life, to enact a rehabilitation program for those who are in need of it. 9. To do everything in his power to improve the present sales tax system, and if possible, to relieve the retailer of the duty of collecting it. 10. To fight for reduced costs in state government, so as to enable the people to meet easier their current and future federal obligations brought about by the war. 11. To induce the legislature to handle "carefully and wisely" the problems of an overflowing treasury. 12. To help promote the development of Mississippi's oil and other mineral resources. 13. To discuss with farming dairying and livestock representatives a statewide program for the better marketing of their products, and to plan for a system of farm to market roads.

These are 13 of the most important points that Mike Conner has discussed with the people of Mississippi. They are important now, and will be even more important in the years ahead.

On the basis of his past record, on the basis of his proven ability and judgment, on the basis of the best interests for Mississippi as a whole, and not for individuals or individual groups, Mike Conner has asked to be returned to the governor's office.

Aint they sweet.

I made what they call a paw paw (phonetic spelling) Saturday night when I called Lt. Col. Conant, Major, and I and had a single drink each.

What's become of Mussolini's Great Roman Empire

Walter B. Moore's name will be squeezed, and I mean squeezed, on our mailing list.

Andrew, our son, who is in Alaska, says that coffee there costs 15 cents a cup, soda pop (seldom cold), 25 cents; beer a dollar a bottle and whiskey \$10.00 a quart (almost as high as in Grenada.)

Mrs. Andrew Knight dropped in and renewed recently.

Some of the damnest rumours can appear concerning military matters. A recent one was that 40 German prisoners had escaped from the almost escape-proof trap at the camp. All of this kind of dope is called latrine dope by the soldiers.

A mighty pretty lady—Mrs. W. W. Robinson—came in recently and renewed for another term. We take money from all kinds, but get an extra amount of pleasure when the good lookers come around.

I think the soldiers have good ideas, that of having their arms around their zuls as they walk around.

No scandals have attached themselves to the lives, public or private, of Mike Conner or Tom Bailey. Mike just had the successful experience in office, while Tom, as an executive is an unknown quantity. Mike is by far the safest bet in these troublesome times.

If it had not been for that bridge mess below Holcomb, which so greatly inconveniences the travelling public, Mr. Lowry (without the "ee") might have a chance of leading Lanier here. As it is he does not have a Chinaman's chance.

Jutt Cook helped raise Dennis Murphree, and did a better job on his own boys than he did on the elder Murphree's boy. I would not brag on it, Jutt.

Mrs. Henry Kahn Died Friday Night At Duck Hill

Death ended the long suffering of Mrs. Henry Kahn, wife of Col. Henry Kahn of Duck Hill, in their home in Duck Hill early Friday night, July 23, 1943.

Col. and Mrs. Kahn, the each was far beyond the meridian of life, were as much sweethearts the day of the death of Mrs. Kahn as they were the day they were married many years ago. Their love and consideration for each other and the unselfish and continuous devotion one to another were inspirations to all who had the privilege of knowing them. No children came to this union, but the love that was in their hearts for little folk was not only showered on two boys, both of whom died a few years ago—but also on all children.

Burial was had in the Kahn lot at Charleston where Mr. Kahn lived at one time, Sunday afternoon. In spite of the restrictions and gasoline restrictions many friends gathered to pay their last full measure of respect to the deceased as well as to show their love for their bereft friend.

This ended a long and a noble life; thus ended one of the best and finest relationships ever existing between man and woman.

Stamp Sale and Jeep Ride A Success

Last Saturday several soldiers from Camp McCain brought three jeeps to Grenada with the permission of Colonel Ryder and spent the day here taking children riding. The purchase of a 25c stamp entitled a person to a ride and even with jeeps packed to capacity every trip, the soldiers were very busy all day.

Mrs. E. L. Wilkins, Chairman of sales of stamps and bonds, women's division, announces the sale of \$633.30 in stamps and bonds, on this special occasion.

Personally I am glad that Ed Underwood, who recently paid up, will be in Florida on the 3rd, and can not vote for Bailey. However, we will let him vote for Conner on the 24th.

Circuit Court To Take Up Nearly Two Weeks

After the usual formality of selecting the juries, charging the grand jurors, and administering the oaths, Judge Allen, Circuit Judge, turned the floor over to Messrs. Coleman and Carline, both of Ackerman, both candidates for District Attorney. What effect, if any, this debate had on the hearers is not known. It was notable that there were much fewer than the usual onlookers at court, as the people are either busy in their crops, have left the country or are working on one or another government project.

The juries were composed of the following:

GRAND JURY

H. H. Morter, (Foreman); Willis Todd, S. H. Allison, J. D. Keeton, W. E. Webb, J. O. Byron, Guy Smaz, H. M. Smith, B. P. Worsham, Vance Hardwick, G. B. Mitchell, W. W. Cordes, Griffin Shaw, R. T. Surges, Don McRee, W. B. Rook, W. N. Crenshaw, Eugene Baylock, A. C. Whitten, E. M. Lancaster, Bailiff.

JURY NO. ONE

Shaw Williams, H. C. Childs, W. H. Gentry, W. D. Holman, Guy Mitchell, C. O. Cohea, C. M. Mullin, W. E. Brunson, Louis Williams, W. L. Goza, W. B. Chapman, Carey Cook.

JURY NO. TWO

J. D. Blakely, Sr. C. L. Trussell, Milton Mitchell, A. H. Organ, George H. Grant, Porter Cook, C. Y. Gibson, Gus Morgan, W. L. Lamons, A. N. Lacy, J. C. Neal, Wayne Ray.

The principal indictment rendered by the grand jury before its adjournment until August 4th was the indictment of murder against Mrs. Leona Bohrer, charged with shooting her husband and to death with an electric light cord in their room at a local hotel about two months ago. Extrajudicial tapers brought her back to Grenada Jail from Memphis where, after self-administered poison, she recovered at Graceland Hospital. This case will be tried on Wednesday next, as Mrs. Bohrer plead "Not Guilty." This case likely will attract an unusual number of spectators. Hon. W. B. Nicols was named by the court to defend Mrs. Bohrer.

Court adjourned Wednesday to reconvene next Wednesday.

Church of Christ to Hold Meeting

There will be a series of meetings at the Church of Christ on Sunday Mornings, August 1st. Every one is cordially invited. Preaching by Rev. John H. Brinn, of Columbus, Miss. The song leader is Leonidas T. Holland, of Detroit, Mich.

Johnnie H. Mitchell, late Jackson Daily News carrier in Grenada, and now in Uncle Sam's army in San Diego, has been added to our list. Hope you will be a Master Sgt. soon, Pvt. Mitchell. That's high enough for anyone.

Charter members: Your time is "OUT."

The old lady threw the book and tore at Dinnert's last week. Nothing is so effective to loud-mouthed, loquacious politicians as the book and page.

There are yet several ifs, and buts and buts between the hope of adequate USO quarters here and the realization thereof. The USO in Grenada has been a miserable failure, compared to USO organizations in most, if not all other places. However, in fairness, we should give the new man a chance.

Enjoy Picnic At Bledsoe Monday Evening

The Young Women's Auxiliary of the First Baptist Church of Grenada enjoyed a combination missionary program and picnic at Bledsoe Monday evening. The program presented was "Unfinished Business." The topics discussed were "Being a Friend When Language Proves Difficult" by Margaret Green, "Being a Friend Through a Library" by Mary Nell Rayburn, "Being a Friend in a Christian Home" by Margaret Spain, "Being a Friend Through Dramatics" by Wilma Carter, and "Continuing to be Friends" by Mrs. Thompson. The Scripture was read by Ruth Townes and Flora Parks. Others attending were Mr. Clyde Thompson, Nancy Lou Thompson, Imogene Calk, who is a new member, and Joy Gillon, a visitor from Gore Springs.

Mike Conner Mighty Strong In North Africa

North Africa, May 15, 1943

Mr. W. W. Whitaker.

Dear Sir: I received two copies of the GCW yesterday (May 14th) and it was almost like getting a furlough and being home. I wonder what will come to Africa next. First it was the President and now it's the GCW. Africa is getting on the map fast.

At the present the Germans are out of Africa (the ones that are not prisoners) and hope we will have them whipped for good soon so I can get back to good "Ole" Grenada county. I am passing the GCW around to the boys and they all like it. All say for you to keep the people fighting on the home front and to keep them buying loads and we will keep hitting on the run 'til we have him whipped.

I am for you and Mike Conner 100 percent and hope the people of Mississippi will realize they need him for their next governor. Here's hoping there is no killings in the Fire over the election.

Give my regards to Mrs. Whitaker and family.

Keep the GCW rolling this way. Best of luck to YOU and MIKE.

Come And Rejoice With Us!

"We're entirely out of debt," say the deacons of the First Baptist Church of Grenada; hence all members are expected to be present Sunday, August 1st, at eleven a. m. to rejoice. Bring your friends with you. Come praying!

Sgt. and Mrs. H. J. Ray Jr. and their twins returned to their home in Pineville, La., last Saturday after a ten days furlough with their parents, in Grenada.

Mrs. Abe Isenberg left Sunday for St. Louis to purchase merchandise.

Mr. and Mrs. T. C. Pace of Alabama, have arrived in Grenada and are at the Barwin. Mr. Pace is project engineer for U. S. Housing Authority and will be in charge of construction across 51 from Camp McCain and near Grenada Air Base. This splendid couple wants a furnished apartment to live in.

Miss Ruth Andrews, of Holcomb, is visiting friends and relatives in Winona and French Camp for a few days. (Contributed.)

Formal Opening of Grenada Air Base Officers' Club

The beautiful alfresco party and dinner dance at the Grenada Army Air Base Saturday night marked the formal opening of the spacious and truly delightful Officers' Club. This special social function, attended by dignitaries with their wives from the Base and from Camp McCain, attracted several hundred guests, including civilians from surrounding towns and civilian personnel at army posts. The soft summer night, the arrangement of tables beneath the pine trees and flood lights arranged that the whole scene including the officers in dress uniforms and their ladies in charming summer formal, created a most lasting impression on one's mind. The dancers enjoyed the music of the splendid orchestra, dancing far into the night in the spacious and gaily decorated ball room.

The color motif of green and gold was in evidence in the ball room and dining room.

As guests arrived they were presented to the receiving line and were graciously welcomed by Lt. Colonel John C. Bennett, Jr., and Mrs. Bennett, Lt. Colonel Louis J. Wise and Mrs. Wise, Lt. Colonel Edward T. Dimmicks, Major Dougherty and Captain Everett Richards.

Souvenir gifts were presented, quite a number of ladies who held lucky number tickets. The gifts were charming lockets with pictures of various officers from not only the Air Base but included some of the pictures of Camp McCain officers. Other gifts of crystal were presented.

The buffet supper was served after the presentation of the gifts and a sumptuous feast it was. There was delicious chicken, ham, assorted cold cuts of beef, cheese, olives and pickle, a beautiful salmon salad molded and decorated with stuffed eggs. One's own choice of refreshing drinks was served.

The hospitality of the officers, the delightfulness of the arrangement of the club itself, and the dignity of the formal opening of the Officers' Club truly proved the outstanding social function of the summer.

Staff Sgt. Fred Chamberlain Helping at Gulfport AAB

Staff Sgt. Frederick E. Chamberlain, son of Mr. and Mrs. G. E. Chamberlain, of Route 4, Grenada, Miss., is contributing much to the Army Air Forces battle offensive throughout the world through his work as an instructor at Gulfport Field, Miss., an Army Air Forces Technical Training Command school for airplane mechanics.

Sgt. Chamberlain, one of the hundreds of instructors on duty at Gulfport Field, instructs an endless flow of future airplane mechanics in the Mechanics Tools Branch of the gigantic airplane mechanics school in full-time war production here.

He was selected as an instructor for the Technical Training Command of the Army Air Forces because of his demonstrated ability as a mechanic and a soldier. The accomplishments of "old time" mechanics depend upon the performance of his duty as an instructor.

Staff Sgt. Chamberlain received his instruction as a qualified airplane mechanic at the Army Air Forces Technical Training Command school at Keosauqua Field, Miss.

First Boll of Cotton

Bunk Gray, who bought the Will Williams old place on Highway 7 3 miles west of town brought in the first boll of cotton brought to this office Saturday. He stated it was August 2nd Tuesday.

Mrs. Bessie Ingram brought in the second boll the same day.

As long as this political campaign lasts, Horn faces little prospects of setting into devilmint, nor do I.

Brothers Winter and Hankins have been frequent visitors to Montgomery county recently.

My favorite Monde, Frankie, has started working at Belgrade, and I am sorter sorry.

Green has not put up that gold star for Tom Neely yet.

We Conner fellows, in advance, welcome the Bailey and Franklin votes into our column.

1,800 votes will about cover Grenada county's contribution to the total vote, in my opinion.

The Air Corps officers put the big pot in the little one and made hash out of the skillet Saturday night.

SNAPPY FACTS ABOUT RUBBER

Millions of wild Hevea seeds from Brazil have been sent to neighboring countries and as far north as Central America in the extensive program under way to encourage rubber development in the Western Hemisphere. Congress appropriated \$500,000 in 1948 to stimulate rubber planting in the Americas.

Rubber boots and pants boots were used by the U. S. government 100 years ago. They were made of coated canvas in tube compartments, each inflated by a separate tube. They were inflated by a hand bellows and collapsed and sunk with the slightest leak.

From an old French word "mes" derived from the Latin word "misus" meaning a course at a meal, comes the Army's name "mess" for its breakfast, dinner and supper. Favorite meal with the soldier is chicken dinner—his favorite cigarette, Camel. (Based on actual sales records from service men's own stores.) A carton of Camels, by the way, is a gift that's always welcome. And though there are Post Office restrictions on packages to overseas Army men, you can still send Camels to soldiers in the U. Hint for War Bride: Make Combination Chest and Cupboard From Old Dresser

IF YOU are furnishing a combination living and dining room with odds and ends from the family attic, why not use paint and inexpensive fabrics to harmonize unrelated pieces?

Here a combination chest and dish cupboard has been made from an old dresser. The cupboard at the lower right sits on top of the dresser and a quarter round molding nailed to the dresser top holds plates in place. Both dresser and chairs are painted cream color and quaint Dutch designs in gay colors are stenciled on them. The chair seat covers repeat the colors in these designs. Pieces of the cracked mirror of the old dresser are cut to fit painted picture frames and typical Dutch tulip designs are stenciled on the glass.

NOTE: The painted and stenciled designs used by Early Dutch settlers in America are full of sentiment for us today. The Doves of Peace and Hearts and Flowers were favorites. Why Bother About Cat When Meat Is at Hand?

Mrs. Bronson was perturbed to find that the three pounds of meat she had bought had disappeared. Her husband, helping in the search, noticed what he took to be a guilty look on the family cat's face, and pointed to her and said, "There's your meat."

"Why, no," objected Mrs. Bronson, "that little thing couldn't get away with all that meat."

"Well, let's weigh her and see," suggested the husband.

They did so. The scales registered exactly three pounds.

"Yes," admitted Mrs. Bronson, "there's the meat all right, but where's the cat?"

Warning! Warning! Warning!

The candidate opposing the re-election of J. P. Coleman to the office of District Attorney has contented himself with a campaign based 5 percent on his merits and 95 percent attacks on the man he is trying to deprive of a Democratic endorsement. None of these charges have any bearing on the service rendered in the office of District Attorney, and none of them have been substantiated by reasonable proof. The

J. P. COLEMAN

usual tactics of candidates sinking for the last time are to grab at any straw available and make last minute charges by whispers or through the press when the injured party has no opportunity to reply.

We do not know what will be attempted in the last week of the campaign, when there is no opportunity to answer. We are not going to try to anticipate such tactics. The official record of J. P. Coleman has been an open book for almost four years and the people of this district are far too intelligent to fall at the last minute for last minute charges that the opposition was afraid to present when there would be time for discussion and examination.

Both candidates for District Attorney are from Choctaw County. Eight years ago Mr. Jack B. Carlisle ran for Representative from Choctaw County and was defeated. Four years ago he ran for the Senate from the same County, and was defeated by a majority of 650 votes. In fact he only carried 3 of the 16 precincts in the County.

ty. This was the same year that J. P. Coleman received a majority in the same County of 1273 votes for the office of District Attorney. A word to the wise is sufficient. Please cast your ballot on the official record and not on last minute charges that may likely be made.

You have a trained, capable, experienced District Attorney. He is completing his first term and is entitled to your endorsement. He does not deserve to be made the object of political attacks unless based on the facts.

If I were a good cartoonist, I would take what Letter Franklin said, and draw a nice cartoon of Dinner Murfy finally having that colored porter put out of the same Pullman compartment that was occupied by a white lady. How is THAT for white supremacy.

I have been informed by a man who KNOWS that, in general, no good colored folks are being attracted to the North by the boom times, but that those attracted are mostly the sort of ones—good riddance of bad rubbish.

All of the counties except Landerdale, whose names contain the "E", will go for Mike Conner. In the final windup, the state with the most "s's" in it will go for Conner.

Speaking frankly, I got kinder dizzy the other night. Last I be misundrstood, it was not at the Air Base.

I imagine the charter members are going to start backing in right away. The GCW does not want to lose ONE of them.

Mrs. Paul Carter, who is ~~easy~~ and restful on the eyes, recently renewed.

It looks like they would let Howdrado Adams off for one night, say Sunday night, a week. Isn't there some law about working a man seven nights a week?

Well, the City did one thing for the soldiers: raised the rates for swimming from 15 cents to 25 cents.

I believe those MP's at the camp made my favorite correspondent frate about something.

Jack Gray, now in Uncle Sam's army, sent his mother, Mrs. Kate Gray of the Mt. Nebo community, the GCW as a present.

Musso has gone, Aloof next!!

Now, since Mrs. Henry Kahn, of Duck Hill, is dead, it should be said that she and Col. Kahn were the only people whom Mike Conner visited during his 18-hours' stay in Grenada. Mike Conner never had more loyal friends than Uncle Henry and wife. It may with propriety be said that Mrs. Kahn spent most of the day of Mrs. Kahn's death in the Kahn home.

Willy Lee Sykes, the lean, skinnier merchant across the border, paid his subscription recently.

What's happened to the \$10.00 equities that many Grenada farmers have in the cold storage (?) plant?

To The Voters Of Yalobusha and Grenada Counties:

On account of gasoline being rationed, it will be impossible for me to see each voter in Yalobusha and Grenada Counties, therefore I am taking this method of giving you the following information:

- I was born on a farm in Panola County, moved to my present home in Water Valley at the age of 10.
- I am a member of the Baptist Church, having served on the Board of Deacons more than 25 years.
- I am a member of the Masonic Lodge and Chapter and of the Independent Order of Odd Fellows.
- I am serving my third term as Alderman of Water Valley, being elected last time without opposition.
- After receiving my homestead exemption I paid to the City, County and State \$236.92 in taxes.
- I have never received any compensation from the government or any company or individuals.
- I understand the problems of the farmer and working people, and at the same time I know how to represent the business people of our counties.

I will appreciate your support and influence, and if elected, I promise you 100 percent representation.

Candidate for State Senator, Yalobusha and Grenada Counties.

Your Vote and Influence is Solicited For BYRON HUNTER FOR CHANCERY CLERK

1. Because he is well qualified to fill that important office for you.
2. Because Now is The Time to Give ANOTHER Young Man a Chance.
3. Because he is serving as a comrade in arms with your boys and our boys.
4. Because his wife is well qualified to fill the place until he can return, and the place will enable them to pay for their home.
5. Because he has always believed that the poor man's business is just as important to him as the rich man's is to him, and has always acted accordingly, and if he is elected your Chancery Clerk, it will be his desire to run the office in such a way that every citizen will receive that good service he is entitled to.
6. Because high ranking Army Officials have repeatedly stated that women are relieving desk bound Majors and Lieutenant Colonels for active duty. Also, the nation's leading executives are advising their officers to place competent women in jobs to relieve the men for war jobs. Therefore, you can readily see that one of our home women can serve you for her husband.

We earnestly and respectfully solicit you vote and support for:

ARE YOU PATRIOTIC?

"Our Country--Not Roads--Comes First" Says T. J. LOWRY

Lowry Cooperates in War Effort

The OPPOSITION says that when their man was Commissioner he built you some roads and if you'll elect him again he'll build some more.

THE WAR DEPARTMENT, following Pearl Harbor, stated that materials, manpower and equipment could not be spared for road construction unless they were in connection with military posts or defense plants.

LOWRY says that the needs of our fighting men and our country come first. ROADS CAN WAIT. THE WAR WON'T.

Should T. J. Lowry and the highway organization be criticized because they have been 100 percent soldiers in the civilian war effort?

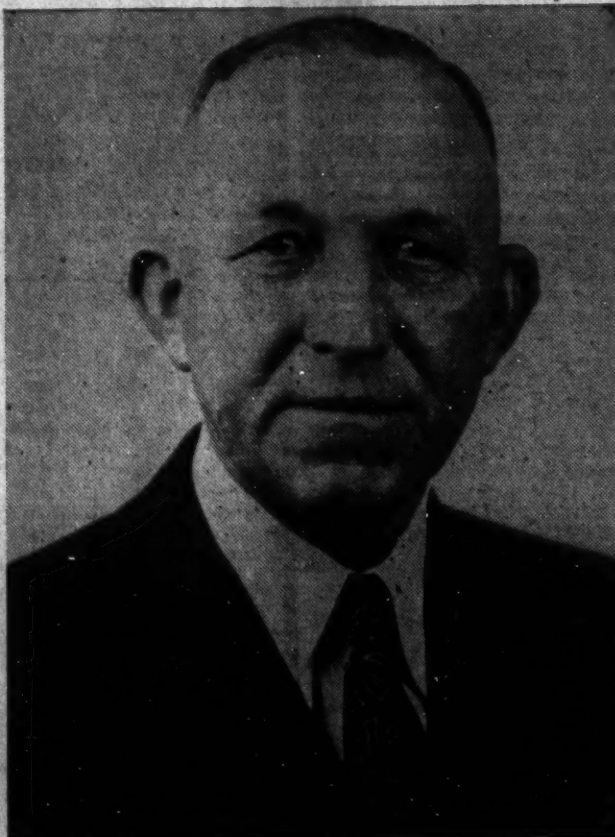

The opposition knows that no roads can be constructed during this war unless the War Department revokes its order. Yet they would have you believe that all you have to do to get more roads is to elect their candidate. WHO'S DOING THE PROMISING?

Patriotism First

Lowry believes that the winning of this terrible war should be given first consideration. He would rather lose this race than use truck load of materials in building roads that was needed for the air fields, camps, and other military posts of our service boys.

When Tojo, Hitler and Mussolini are whipped and exterminated for good, T. J. Lowry will be found giving his very best toward the construction of the finest system of roads to be found and to provide employment for our returning boys.

"ONE GOOD TERM DESERVES ANOTHER"

Lowry Friend of Farmer

T. J. Lowry has been a dirt farmer for over thirty years. He is sympathetic with the transportation problems of the rural people. He understands those problems. He knows that air line paved roads do not fill the needs of the farmer. Lowry believes that the major part of any future road program should be devoted to an adequate system of all-weather FARM-TO-MARKET ROADS. His 1930 platform was based on this principle but WAR IN THE SECOND YEAR OF HIS TERM prevented the inauguration of the program.

A large road program is anticipated after the war in order to take up the slack in employment. Lowry will see that the farmers and rural people are taken care of in this program. DID YOU GET ANY CONSIDERATION DURING THE ELEVEN YEARS HIS OPPONENT WAS IN OFFICE? He had millions—Lowry has had nothing.

MISS HELEN HORTON APPEARS ON "SUNDAY AT THREE" PROGRAM

Miss Helen Horton, popular young Grenadian, was the first member of the local community to appear on the "Sunday at Three" program, the series of musical entertainments presented each week by the USO Club.

Miss Horton, daughter of Mr. and Mrs. L. P. Horton, is a graduate of Grenada High School and Bethaven Conservatory, where she was a member of the choral ensemble during her four years there, or three years she was a member of the popular octette known throughout the vicinity for their splendid program.

Miss Horton, accompanied by Mrs. Gene Marders Boteler, presented the following program, which was enthusiastically received by the audience:

To Be Nellie - Salvatore Rosa.
Face, Face, Face - Verdi.
Para Mi - Leopold Spitalny.

A Home - Words by Mary B. Davenport; Music by Haas.

How Do I Love Thee - Words by Browning; Music by Lippe.

Only A Rose - Rudolph Priml.

Always In My Heart - Lecuona.

Indian Love Song - Rudolph Priml.

Kiss Me Again - Victor Herbert.

Next week's program will feature a piano recital given by Mrs. Gene Marders Boteler.

Mrs. Boteler's program:

Prelude No. 3 in E flat Minor - Bach.

Prelude - Chopin.

Symphonic Etude No. 12 - Schumann.

Andante Final - Donizetti.

Etude - Chopin.

Prelude - Beethoven.

Suite - Debussy.

Mr. and Mrs. James M. Bryant announce the marriage of their daughter, Louise, to Lt. Filson B. Carrington, of Darden, Tenn., and Ft. McClellan, Ala.

The wedding took place Sunday, July 25, 1943, the Rev. Glen E. Wiley, officiating.

Lt. Carrington, son of Mr. and Mrs. H. D. Harrington, is a graduate of the University of Tennessee. Before entering the armed services, was employed by the CIT Corps of Memphis. At present Lt. Carrington is stationed at Ft. McClellan, Ala.

Chief Warrant Officer, Jack Vance, of Louisiana maneuvers area, visited friends and relatives, his mother, Mrs. W. T. Costlow and others this past Tuesday. His wife is visiting her sister in Lambert and he went there before returning to his duties at camp area. We note that Jack has been promoted since his last trip home. Congratulations.

Mrs. Laura Neal Merritt is at home with his mother, Mrs. C. C. Penn after attending summer school at Delta State Teachers College.

JONES-NEILL

Announcement has been made of the marriage of Ensign Roland Jones, Jr., son of Mr. and Mrs. Roland Jones of Marks, Miss. and Miss Adele Neill, of Natchitoches, La., on Monday, July 25, at the home of the bride's aunt, Mrs. E. W. Wood at Leland, Miss. Rev. Lucien Malone Jr. of Bays City, Texas, saying the beautiful Episcopal ceremony in the presence of members of the two families. Miss Elizabeth Jones of Grenada, attended the wedding. Immediately after the ceremony the young couple left for a honeymoon on the Mississippi Coast.

The bride, a member of a fine Mississippi family, has relatives in Carroll County and at Leland, Miss. She is a graduate of Leland High School and Natchitoches College.

Ensign Jones, native of Grenada, is a member of one of Grenada County's most prominent families. He attended Grenada Schools, Riverside, Davidson, and only recently graduated at Southwestern in Memphis, where he was outstanding because of ability and popularity. He was one of four 1943 graduates of Southwestern named to Hall of Fame, graduating with distinction in Science, Mathematics and Physics. He will continue his studies at Harvard and Mass. Tech.

MISS CYNTHIA WADE HOSTESS

Miss Cynthia Wade, charming daughter of Lt. Col. John C. Wade and Mrs. Wade, entertained in honor of her guest, Miss Pauline Thompson, of Jersey City, N. J., on Saturday evening of last week. Mrs. Wade received the guests at the Officers Club, Camp McCain, and a beautiful dinner dance, attended by the young society group of Grenada, proved one of the outstanding social affairs of the week.

Mr. and Mrs. W. B. Rook enjoyed having a group of their children and grandchildren with them on Sunday last. A big chicken dinner with lots of other delicious food and cold watermelons were served in this comfortable country home. The family expected Malcom Rook, wireless operator of the Merchant Marine to be present but he did not arrive until Wednesday of this week. Those present included Mrs. Etelle Rook Jenkins, Mrs. Ruby Rook Clark, New Autum, Mr. F. L. Rook and family, Mr. Maston Rook and family, Mrs. Malcom Rook and two children of Calhoun City.

SUPPER CLUB MEETS

Last Saturday the Supper Club met at the hospitable home of Mr. and Mrs. C. C. Cathey. All members were present, (six couples) and two former members, Mr. and Mrs. Clarence Bart, also Mrs. Mallory, of Memphis, sister of the host. Supper was served on the lawn and bridge games were enjoyed later.

Mr. and Mrs. D. H. Horn and two daughters visited Mrs. D. H. Horn Jr. in Water Valley Sunday.

Mrs. C. H. Calhoun spent Tuesday of last week in Clarksdale visiting her daughter, Mrs. Charles Sissons and family.

Margaret Ann McCorkle returned home Sunday after a nice visit with her aunt, Mrs. J. C. Power and family.

Miss Marjory Sanders visited her sister, Miss Mary Olive Sanders at Jackson last week.

Lt. Ralph Van Fossen, U. S. Air Corps at Memphis, visited Miss Frances Jennings the past week-end.

Miss Frances Jennings visited one day recently at her old home in Holly Springs.

During the month of August there will be only one service at All Saints Episcopal Church each Sunday. Holy Communion will be celebrated each Sunday morning at 7:30.

The Woman's Auxiliary will meet Monday afternoon at 4 o'clock at the home of Mrs. Ben Brown on Second Street.

GOVERNOR

HONEST

CAPABLE

We are supporting Tom Bailey for Governor because:

1. We have never heard his honesty and sincerity of purpose questioned.
2. He is not tangled up with politicians or selfish interests and is, therefore free to serve the best interests of every section and all people of the State.
3. He knows that Mississippi is an agricultural state and will work with dairymen, livestock producers, and farmers; in policies in government found by them to be in their interest.
4. He will fight for better salaries for teachers and a Teacher Retirement Act.
5. He will fight for \$30.00 per month for our old people.
6. He will fight to preserve local government and for white supremacy in Mississippi.
7. He will give Mississippi a clean, upright administration of government.
8. There will be no wholesale pardon or land patent business conducted by him.
9. He will not play politics for himself or any group of politicians, but will serve the best interests of the people.
10. He will not shut himself off from the people but will ever have an open ear, an open mind, and an open heart to hear the counsel of Mississippians.
11. The door to the Governor's office will be open to all and not to a few favorites.

When You Vote For District Attorney

YOU ARE VOTING ON YOUR OWN LIFE, SAFETY, AND PROPERTY.

THE SUCCESSFUL PERFORMANCE OF THE DUTIES OF THAT OFFICE REQUIRES LEGAL ABILITY, MORAL COURAGE, AND ZEAL FOR THE ENFORCEMENT OF THE LAW.

In the past 3 1/2 years J. P. Coleman has prosecuted 90 cases before juries in the Circuit Courts. Only 12 of these resulted in verdicts of not guilty.

J. P. COLEMAN

His opponent has never prosecuted a criminal case. The official records show that his opponent, in five years of law practice, has helped defend ONLY TWO criminal cases in the Circuit Court of Choctaw County, and has never tried any by himself.

IN THE MATTER OF EXPERIENCE, YOUR PRESENT DISTRICT ATTORNEY SURPASSES HIS OPPONENT BY THE OVERWHELMING MAJORITY OF 90 TO 2.

The vote on August 3rd will show how the people of this District stand on the matter of fair, forceful, and fearless enforcement of the law. We believe that 97 percent of the people believe in clean politics and in the record J. P. Coleman has made. We believe that they will overwhelmingly endorse his efforts.

THE ACTIVE SUPPORT AND INFLUENCE OF THE LAW ABIDING CITIZENS OF THIS COUNTY WILL BE HIGHLY APPRECIATED AND WILL BE REWARDED WITH FOUR MORE YEARS OF FAITHFUL SERVICE.

Martin L. Riley

LEADING CANDIDATE
 FOR STATE
 SUPERINTENDENT OF
 PUBLIC EDUCATION

To the People of Mississippi:

When on next Tuesday you cast your vote for the man who will determine largely the educational future of the children of Mississippi, you are urged to consider seriously the fact that Martin L. Riley has obtained the Doctor's degree in the educational field, which represents the highest training offered in his profession, has been superintendent of elementary and high schools for 9 years, has taught hundreds of in-service teachers in Mississippi during the 11 years he has been college or university professor, and has had varied experience as a practical farmer, World War Veteran, Legislator, and State Director of a Federal Agency.

Martin L. Riley is proposing a sane, sensible, practical, and professional program with emphasis on: (1) cooperation with state and federal agencies to develop a more equitable educational program; (2) better trained, better paid, better supervised, and reasonably retired teaching personnel; (3) modification of program of studies according to basic needs and vocational interests in order that every

graduate may be prepared to earn a living; (4) more equitable remuneration of county superintendents and employees, according to the work required; (5) a fairer transportation system with better paid bus drivers, and (6) use of sound business and professional principles in the disbursement of funds and the recruitment of staff.

Never before have we needed outstanding educational leadership in the State Superintendent's Office as we need it now and as we shall need it in the post-war period; the best must be given the youth of the State whether or not it means a change in administration. Dr. Riley and his many supporters appreciate the splendid vote of four years ago and they believe the times demand the election of Martin L. Riley as State Superintendent in 1943. Win with him on August 3.

 Campaign Manager.

Watch Your Kidneys!

Help Them Cleanse the Blood of Harmful Body Waste

Your kidneys are constantly filtering waste matter from the blood stream. But kidneys sometimes lag in their work—do not act as Nature intended—fail to remove impurities that, if retained, may poison the system and upset the whole body machinery.

Symptoms may be nagging backache, persistent headache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—a feeling of nervous anxiety and loss of pep and strength.

Other signs of kidney or bladder disorder are sometimes burning, scanty or too frequent urination.

There should be no doubt that prompt treatment is wiser than neglect. Use Doan's Pills. Doan's have been winning new friends for more than forty years. They have a nation-wide reputation. Are recommended by grateful people the country over. Ask your neighbor!

DOAN'S PILLS

Enough to Go Around

Now, for the first time in years, both farmers and manufacturers can work for the biggest possible yield without thinking about the market. This year they can sell all they can produce.

As things look now, this condition is due to keep up for some time, but we can't count on its lasting forever. Certainly nobody wants a prosperity built on war! So it's high time that everybody concerned—and that is everybody—gave some thought to keeping things running after the war.

You're busy, we know. So are we. The important thing right now is seeing that there's enough of everything to go around. But we've been devoting a little attention

to the problems of the future, too. We feel that the people who have the producing job to do can contribute a lot to the solution of those problems.

And we hope that you, too, busy as you are with growing more food than this country's ever produced, will be turning these problems over in your mind. For if America's farmers and manufacturers, working together, can't find a way to keep the richest country on earth producing enough for everybody, and let the producers make a living in the process—if they can't, why then, who can? TO THE CITIZENS
Of Grenada County

I am indeed grateful for the many voluntarily and enthusiastic pledges of support advanced from all sections of your county and from all over the district which gives me assurance that we shall have a grand victory on August 3rd.

I AM PARTICULARLY PLEASED BECAUSE OF THESE PLEDGES COMING AFTER YOU HAVE HAD THE EXPERIENCE OF ROAD CONSTRUCTION AND MAINTENANCE UNDER BOTH MY OPPONENT AND MYSELF.

You are familiar with the records and you know who made the promises and who actually built the roads in your county and every county in the Northern District.

I am proud that I do not have to apologize for a single act of mine in connection with your road program, and that the citizens of Mississippi do not have to apologize to the citizens of any other state for our roads.

There was never a breath of graft or scandal in connection with any project constructed or otherwise and I am proud of our roads and the part I played in constructing same.

PLEASE TELL YOUR NEIGHBORS AND FRIENDS THAT YOU ARE VOTING FOR ABE LINKER AND SUGGEST THAT THEY DO LIKEWISE.

You have been extraordinarily good to me in the past and I am and always shall be appreciative of your many kindnesses. And when you cast your vote this year I shall be further indebted to you.

I take this means to thank each and everyone of you who have thus far expressed an interest in my Candidacy for Superintendent of Education of Grenada County. Your interest is deeply appreciated. All of you are very busy in your respective places, doing more work than you have ever done before. A large number have been worried by people seeking places to eat and sleep. Because of this, and realizing how valuable your time is to you, I have not tried to push myself into your homes in order to see you. Personally, I would like to see each voter and talk to you about my Candidacy for this most important office. Since this is impossible, I beg of you your most careful consideration, and when you go to the polls on August 3rd, to cast your ballot for Superintendent of Education, vote for A. Y. McBride.

Thanking you, I am

Faithfully yours,

A. Y. MCBRIDE

Now Is The Time To Elect A Good Man

"Now Is The Time To Elect A Good Man" says an outstanding Mississippi mother who has five sons serving in the armed forces of the country and was selected Mississippi's Outstanding Mother by the state press. Read her letter below that answers the charge that a good man can't be elected governor:

Mr. Thomas L. Bailey
Bailey Headquarters
Jackson, Mississippi.

Dear Tom:

I know you are working hard these days, trying to get around to the various towns in behalf of your candidacy, and I haven't tried to see much of you lately, but I want you to know that you have the earnest and sincere prayers of me and mine. As you know, all of us love you and, indeed, my five boys who are now proudly serving with Uncle Sam, have been reared with the idea of being good men, like you.

I believe this is really "Tom's Time," because if there ever was a time when a troubled world needed good men at the helm of state affairs that time is now. I believe that the people of the State, who, like us, have sons in the service, are determined this time to see good men placed in key positions—and certainly you are that, Tom. I like to think that the things our boys are fighting for will not be in vain and they will have something worthwhile to come home to. When you are Governor of this State, I shall draw a long sigh of happy relief because I know a man who is dedicated, as you are, to the principles of State's rights, local self-government, and the determination to build Mississippi, will make and keep this State safe for them—and I believe Mississippi mothers who have sons in the service feel that way.

I am proud, Tom, that Mississippi has a man like you seeking the gubernatorial chair. As a fellow citizen, I know your sterling worth better perhaps, than many who know and love you, and I say that you are worthy of this, the highest office Mississippians can confer on a fellow citizen. May God continue to guide you in your effort to serve this State, and I pray that it will be your privilege to steer the affairs of Mississippi during these troublous times. You have the ability, honesty and integrity of purpose that motivates our boys in their fight for our beloved country and our treasured way of life. That you may be granted the privilege of using it for Mississippi—and our boys—is the prayer of your sincere friend,

(Signed) Mrs. C. G. Stokes.

I am on trace of prices of fertilizer at the cold storage (?) plant and at a private merchant's; also on track of the cost of keeping some cotton there compared with the cost at the compress. These figures may be published, if they show what I want them to show; otherwise, the cold storage (?) plant can publish them at its expense.

I do not care who knows it: I am against these coops which unfairly (because they are exempt from many taxes) compete with merchants who pay taxes to support the government. Suppose everything was on the coop style. Who the hell would pay the enormous freight of the government?

Irrespective of what else is done, the cold storage plant should be used for the purpose for which it was built, and not as a feed, fertilizer and seed store.

Homer Williams aint got the only grandbaby in the world, although he has a mighty sweet, pretty one. The old lady and I have one too.

Let's see Franklin certainly opened my eyes when he charged that Murphree allowed a negro Pullman porter

to stay in the same Pullman sleeping car compartment several nights with a white lady before he corrected the matter. I am just taking Let's see's word for it. That makes Murphree's bellowing about white supremacy sound rather hollow.

Wonder how Bilbo Nail is getting along. I imagine the distinguished Senator for whom he was named is waddling around Jackson, trying, as usual, to the distaste of his friends, the few he has left.

The old lady and I had a grand time at the opening of the Officers' Club at the Air Base Saturday night. Captain Crawford, the Intelligence Officer, was our courteous and affable host.

I do not know whether this is so or not, but it is said to have been told by an army officer. "What do WAC's do?" "They follow the officers all day and say, yes, sir, yes sir, yes sir; and the officers follow them at night and hear, no sir, no sir, no sir."

FDR, Churchill Seek Italy's Surrender As Allies Smash at Sicily Resistance; MacArthur Forces Gain in New Guinea; Farmers Get First Call on Gas Stocks

Seabees are shown about to board a transport somewhere in Australia for duty in a combat zone. A naval band gives the men a lively send-off. Although performing construction work, Seabees are also trained to protect themselves against attack.

SICILY:

'The Hour Has Come'

Axis resistance on Sicily stiffened as Gen. Bernard Montgomery's British 8th army moved on the big port of Catania, which is 55 miles from the terminus of Messina, where but two miles of water separate the island from the Italian mainland.

As the battle of Sicily raged, President Roosevelt and Prime Minister Churchill told the Italian people the hour had come to honorably capitulate.

While British troops clattered toward the great plains which roll around Catania, Gen. George S. Patton's 7th American army fought its way into the area of Vizzini, from which the British flank can be covered or an assault sprung toward the Axis rear.

Hundreds of Allied paratroopers continued to be dropped behind the enemy's lines near Catania. To the front, the 8th army recovered from a heavy Axis blow with which they had driven into Montgomery's base at Augusta before being repelled.

FUEL:

Gas for Farmers

Predicting a tightening of the supply of crude oil in the West, the Petroleum Administration for War took steps to provide sufficient gasoline for farmers throughout the country by giving them first call on available stocks.

According to WAP, farmers are using about 100,000 barrels of motor fuel daily, 90 per cent of which is being consumed outside of the East. About 70,000 barrels are required in the Midwest.

As the WAP made its announcement, the big-inch pipe line running from Norris, Ill., to the East was opened. Eventually the line will pump 300,000 barrels of crude daily, thus draining the West of supplies that had previously abounded because of a lack of transportation facilities.

Meanwhile, the oil industry continued alarmed by the drop in oil reserves, partly caused, spokesmen said, because of a virtual cessation of exploratory drilling as a result of prices for crude. Between 50 to 60 billion barrels of new oil will have to be discovered within the next 20 years, it is said, to maintain present production.

RUSSIA:

Giants Locked

Ukrainian plains around Belgorod, hindering mechanized activity on the south end of the flaming Russian front, but Red armies attacked in force above the northern pivot of Orel, extending the battlefield to 225 miles.

Both the Germans and the Russians were agreed on one thing: the great number of men being used on both sides. Around Orel, the Nazis admitted that the Reds had broken their lines at two points, but had been driven back in counter-attacks.

Heavy ground action at Orel was supplemented by strong Russian aerial action. Red bombers blasted the principal railway installations of the town, from which the Russian lines bend southward in a great arc, thus offering the Germans a pivot for encirclement from the rear.

PACIFIC:

New Guinea Victory

With the fall of Mubo, the big Japanese base of Salamaua in New Guinea lay in peril of capture by Australian and American forces operating from all sides.

Mubo fell about two weeks after the start of General MacArthur's Pacific offensive. American troops had landed on Nassau bay to the east of the town, and then marched into the interior to cut off Japanese forces from the rear and effect a junction with the Australians.

At the same time, Allied soldiers attacked the enemy's main lines, and thus, completely enveloped on all sides, Mubo was overrun.

The Allied success at Mubo came as American troops pressed closer to the Japanese air base of Munda on New Georgia island. Approaching the stronghold from the north and east, doughboys worked cautiously through jungle foliage to gain ground. Squeezed, the enemy launched one counterattack, but withdrew fire after being stopped.

CANNED GOODS:

Cut Civilians' Share

Already rationed, canned fruits, vegetables and soup supplies for civilians will be cut another 15 per cent in the next 12 months, the War Food Administration announced. Of the prospective pack of vegetables and soups, domestic consumers will get 70 per cent, and of canned fruits and juices, they will receive 53 per cent.

The total supply of canned vegetables and soups in the next year is expected to total 262,000,000 cases. Of this amount, civilians will be allotted approximately 180,000,000. The War Services will obtain practically all of the remainder, with about 4 per cent going to the Allies and other purposes.

About 61,000,000 cases of canned fruits and juices, excluding citrus, will be produced, WFA estimated, and of this supply, civilians will be allowed approximately 31,000,000 cases. Approximately 24,000,000 cases will be allotted to the services, with the remainder marked for the Allies and export.

FOREIGN DEBTS:

Mexico, Canada Pay

An improvement in financial conditions arising from the stimulation of the war was noted in the action of the Mexican and Canadian governments in announcing plans for the discharge of their debt obligations.

For the first time in years, Mexico resumed payment on 15 issues of national debt, excluding all railroad bonds except the Tehuantepec National railway 5 and 4 1/2 per cents. Annual distributions on the issues will amount to only \$2,050,000, however, on a total Mexican debt of 1 billion 200 million dollars, including back interest.

Last December, the Mexican congress ratified an agreement to pay 40 million dollars in settlement of all U. S. claims except for expropriated oil property.

Canada's improved financial condition was reflected in its redemption and prior payment on 106 million dollars of bonds.

Who's News This Week

Consolidated Features.—WNU Release.

NEW YORK.—Hitler himself must doubt the persuasions of Nordic kultur on noting that Poznan provides the new Polish premier to replace the dead Sikorski. Poznan is the most infested Poznan western province of Poland. Germany half embraces it, and from it for a hundred years Germans have tried to squeeze all Polish flavor. Once the squeeze got so tight that even the Poznan school children went out on strike.

Stanislaw Mikolajczyk was five then, and might have led a kindergarten sit-down, but he was all the way across Germany in Westphalia. His father, a farm laborer, was trying his luck there. Luck was poor and when Stanislaw was ten and the first World war only three years away the family trekked back to their old home.

When Stanislaw was 16 he stood in the thick of the waxing revolution against Poznan's weakening Prussian rulers. The Polish Republic followed and he rose to leadership of the Peasant party and to a seat in parliament. He is himself a true peasant, off a 50-acre farm, stocky and thick-necked. His half-inch of bristling moustache is only a minor concession to urban influence.

When the Nazis struck he enlisted as a private, the rank he held in the war against the Reds 19 years earlier. After Warsaw he was interned in Hungary but made his escape.

In the years since, first under Paderewski, then Sikorski, his main assignment has been to run the Polish underground, and his name has become a household word to patriots inside his oppressed country. His blacklist of Nazi criminals is the longest in Europe. This, also, must be of depressing interest to Hitler.

IT IS a long time since President Roosevelt got salt fish three times running. The housekeeper called in by the much-traveling first lady now could offer 19 luncheon menus if the President demanded variety.

Now there has been added the confusion of ration coupons, but Mrs. Henrietta Nesbitt, placid, bespectacled, middle-aged, sorts these resources carefully and to date has not been made either red or blue by the new responsibility. The fact that her husband is White House custodian of supplies may help.

It is 14 years since Mrs. Nesbitt signed up to see that when the master gazed around "with the prophetic eye of appetite," there should be victuals to suit both his scrambled eggs and truffles moods. That was in his first governorship. Mrs. Nesbitt, Duluth - born, with casually fluffed hair, had a catering business in Hyde Park previous to this, and Mrs. Roosevelt was sure that the author of such whole wheat bread was the needed woman.

Nowadays, bossing a staff that jumps to 124 for a state dinner, Mrs. Nesbitt never consults her mistress, even when her mistress is near enough to be consulted. She will even put on evening dress and drift gently among the ambassadors to make sure every tidbit is as it should be. She doesn't live in the White House and her usual shift runs from eight to six. She doesn't, however, mind working overtime in the kitchen she and Mrs. Roosevelt modernized from knife rack to range.

THE Federation of Musicians lays its fight against radio music transcriptions on the doorstep of Labor Secretary Perkins but it still seems pretty plain that President Lewis Look Like James Caesar Petrillo has carried on one of the longest strikes since Pearl Harbor in a war-occupied country whose labor leaders have promised, "No strikes." He has dashed it out for more than 11 months.

Petrillo has been boss of the Federation and its nearly 140,000 members for three years. He is president, too, of the Chicago local and between 1922 and now he jumped the membership of that from 4,000 to 11,000, all well paid.

He can call a strike any time he wishes, fine a member up to \$5,000 and suspend the union constitution at will. For discharging these and other responsibilities he is paid by both groups \$48,000 plus expenses.

At eight, Petrillo was a trumpet player, at 14 he had his own band, then switched to drums, ran a cigar store for a while and was an active union member at 22. He is so out of practice now he could hardly get a foot out of any trumpet. Fifty years old, short, stocky, as confident as Napoleon, he gets along well with the AFL.

IMPROVED UNIFORM INTERNATIONAL SUNDAY SCHOOL Lesson

GOD DELIVERS HIS PEOPLE

LESSON TEXT—Exodus 5:22, 23; 6:1-7; 13:1.
GOLDEN TEXT—Call upon me in the day of trouble: I will deliver thee, and thou shalt glorify me.—Psalm 50:15.

Why doesn't God do something? People are quick to ask such a question in a time of crisis. Today they want to know why God permits the war to go on. In the day of our lesson Moses wanted to know why God did not deliver His people from Egypt. He and Aaron had been appointed of God to lead them out, but their first efforts only met with failure and increased persecution.

The complaint of Moses, and the response of God make an instructive story for our consideration and guidance. It will answer our questions.

I. Moses Said, "Thou Hast Not Delivered Thy People" (Exod. 5:22, 23).

When the efforts of Moses brought heavier burdens on the people they blamed him and Aaron for making their situation worse. This sorrow and shame made them doubt God's calling and commission. How quickly men are discouraged in their purpose to serve God.

The people were wrong in their attitude. They should have been patient. They ought not to have assumed that the loss of the first skirmish meant the loss of the whole campaign.

Are we not just like them? The new minister or the recently elected Sunday school superintendent makes a mistake and instead of helping him to pick up the pieces and start over, we decide that he just will not do, that we must have a change.

Even though the people were wrong, however, the man of God should not have lost his faith and accused God of failure to keep His promise. He was supposed to have learned the lesson of patience in the long years on the backside of the desert. Had he forgotten the experience of the burning bush?

II. God Said, "I Am Jehovah, Thou Shalt See What I Will Do" (Exod. 6:1-7).

In other words, Moses was to remember that he was dealing with the Eternal One, unchangeable, and always true to His word and able to make His will come to pass.

So often men in dealing with God think of Him in terms of their own weakness and failure. What we need is to have a Godlike conception of God, not a manlike idea of Him. God is the infinite and Eternal One with whom we have no right to quarrel, and whose dealings with us are too high for us to judge (Ps. 139:1-6).

God's covenant with His people was established (v. 4). He had heard their cry (v. 5) and His deliverance was sure (v. 6). The only thing Moses had to do was to wait and see God work.

That word "wait" is a little one. It seems to call for no effort, to be easy of fulfillment; yet it seems to be the hardest thing for a human being to do. Men who carry the burden of active warfare with ease and with honor become discouraged and sick when they must sit in a prisoner's concentration camp and wait for deliverance.

Christians who can speak and work for God when things are active and moving become querulous and despondent when they have to wait for something to happen, or when they are laid aside for a time.

His promise is sure. That is not just a religious sentiment. It is a fact, and it is proved by history. Note that in the case of Moses—

III. History Said, "It Came to Pass the Selfsame Day" (Exod. 12:51).

Moses had to take God's word, for "the selfsame day," which we read here came later. It came in God's own time, after He had, through Moses, humiliated and broken the hard will of Pharaoh. Then He gave His people the great memorial feast of the Passover, teaching them the needed lesson that redemption is by the shedding of blood.

In that night Jehovah did bring the children of Israel out of the land of Egypt. That deliverance was as certain the day He made the first promise to Abraham (v. 7, and Gen. 12:1-3) hundreds of years before, as it was now that it had been accomplished.

History is really God's story, revealing His outworking of His plan for mankind. The torn and blotted pages are man's handiwork. Sin and unbelief have caused him to hinder the work of God, but God is not defeated, and in the midst of man's self-created chaos, He proceeds quietly to work out His own purpose.

The many prophecies of Scripture which have been fulfilled not only prove its divine inspiration, but demonstrate its dependability. Every promise of God is "yea and amen" in Christ (II Cor. 1:20, 21). We can count on that!

SOMETIMES—ON SOME CALLS—THE LONG DISTANCE OPERATOR WILL SAY:

"It will be necessary to limit conversation to 5 minutes"

Many Long Distance calls go through about as fast as ever.

But sometimes there's an extra-heavy rush on certain circuits—especially to and from war-busy places.

Whenever that happens, the operator will ask you to limit your Long Distance calls to 5 minutes.

The idea is to give everybody a fair share of the wires. That gets to be more and more important every day.

Birthday Greetings
To You From
Rogers Parker
On Election Day, August 3rd

Rogers Parker will celebrate his 46th birthday

His message to you, on this day, is one of appreciation for the many voluntary expressions of confidence and encouragement in his race for Sheriff of Grenada County.

When you go to the polls to vote, a vote for Rogers Parker will be a much appreciated birthday gift.

Your North Mississippi Neighbor

PAUL SPEARMAN
OF ITAWAMBA COUNTY

FOR

Lieutenant Governor

HIS POSITION:

1. All out support of the war effort;
2. Preservation of State's Rights and White Supremacy;
3. The curbing of bureaucracy and the return of government to the people;
4. Development of the State's natural resources. He has spent his own means in trying to develop oil and other resources in Mississippi;
5. Aid to the Aged, the indigent sick and crippled;
6. Adequate support of the schools and a sound Teacher Retirement Law;
7. Economy and efficiency in government.

He Will Appreciate Your Support

APPROVED BY W. D. ALLEN, Campaign Manager

To Tee People of Grenada and Grenada County:

To those of you who have in any way benefitted by my efforts down through the years to make for you a better county by roads, and by making our City a better City by bringing industries and enterprises here, I would be very grateful if you would vote for my son-in-law, **Clayton Carpenter**, candidate for Sheriff.

MEN AND WOMEN OF MISSISSIPPI

On Tuesday, August 3rd., Vote for Your Own Best Interest

There are serious days ahead of us. Many problems of vital concern to every man and woman in Mississippi must be solved in the next four years. Upon the next governor of Mississippi will fall responsibilities the like of which we have not had since the dark days of reconstruction.

We must maintain states' rights and white political and social supremacy in Mississippi. We must place Mississippi in a strong competitive position with other states in the post-war economy. We must provide jobs for our boys and girls when they come back home. We must find markets for our agricultural and livestock products after the wartime demand for food is over. We must increase the pay of our teachers and provide a fair retirement plan for them. We must provide assistance for our aged and crippled and hospitals and medical care for our sick and needy.

These are but a few of the problems that will confront our next governor. The way they are handled will directly affect you. If your state is not on a sound, progressive, businesslike basis YOU will suffer. Too long now have the people of Mississippi paid heavily for mistakes in public office.

This is too critical an hour to make a mistake. This

is One Time when Mississippi men and women MUST be SURE!

That's why Mike Conner will be elected the next Governor of Mississippi. He is the only candidate for governor who has a record of results. He is the best man in the race to successfully steer Mississippi through the four uncertain years ahead.

Mississippians know this. That's why thousands, who never before voted for Mike Conner, will do so on August 3rd. They know he is courageous, honest, capable and true to every public trust. They know Mississippi will be safe with Mike as governor in the four uncertain years ahead.

WARNING!

Unable to successfully attack Mike Conner's record, the paid hirelings of Mike's opponents are conducting a last minute, whispering campaign trying to discredit the splendid record of the Conner Administration. But, Mississippi men and women have known Mike Conner and his public and private record for 25 years. These falsehoods will fall on deaf ears and Mississippi men and women will vote for their own best interests on August 3rd and by so doing they'll elect Mike Conner governor by an overwhelming majority.

MIKE CONNER
Candidate for GOVERNOR
